The ICCA will host an exciting educational program at Nickel & Nickel Winery, which was founded in 1997 by the partners of Far Niente and is devoted exclusively to producing 100 percent varietal, single-vineyard wines that best express the distinct personality of each vineyard. We are very excited to offer you a unique wine & food experience that will reveal the magic behind the philosophy of Nickel & Nickel and you will enjoy the surroundings of their beautiful 19th century Napa Valley farmstead winery as you network with other ICCA members and sponsors.

Our evening will begin with a welcome reception in the Queen Anne Style Sul-lenger Farm House where guests will be greeted with a Nickel & Nickel Chardonnay and passed hors d'oeuvres followed by a guided tour of the winery. The tour will also include in-depth information on single vineyard wines and how the terroir of each vineyard helps to make each wine unique even if the same grape is grown in almost the same area of Napa Valley.

After the educational program, a 3-course dinner will be held in the Sul-lenger Wine Cellar with each course carefully paired with Nickel & Nickel wines, except the dessert, which will be paired with their Late Harvest wine, Dolce. The dinner will be prepared by Nickel & Nickel Winery's Executive Chef, Trevor Eliason, who has designed a menu especially for our group.

This is a great opportunity to meet corporate chefs from the nation's top 200 multi-unit food service operations while enjoying fine wines and great food at one of the nation's most prestigious wineries. The event will begin at 5:00 pm, just a short time after the Worlds of Flavor Conference end. Transportation will be provided to and from your hotel if you are staying in Napa Valley.
